T/N: I have no idea whether Xiao Hua is a girl or a boy. It seems that some readers from U17 are also confused. This is because when referred to in conversation, Xiao Hua's name is often followed by a "Jie", which means "sister". However, the pronoun used to refer to them in conversation is male (it can also be used for other sex, if the sex is unknown). And I think a few chapters ago, the author drew them wearing a male school uniform. If anyone has read the rest and knows the answer to this question (maybe the author is doing it on purpose!), please shoot me a message on Tumblr at @xiaodaobuyuxue. My Chinese sucks!
